We hope you had a great summer and are enjoying fall in the Bay Area. We are writing to you to share some updates and news from the LEGACY Girls Study.

UPDATES

A total of 283 Bay Area families with 362 girls are participating in the LEGACY Girls Study. Follow-up visits at 6, 12, and 18 months are underway and the follow-up at 24 months just began in September.

participation in the study.

If you are age 10 or older, we will be asking you to come to our Fremont office for one of your follow-up appointments which includes a light test called “optical spectroscopy”. Some fun activities are planned! More information will be provided, so stay tuned.

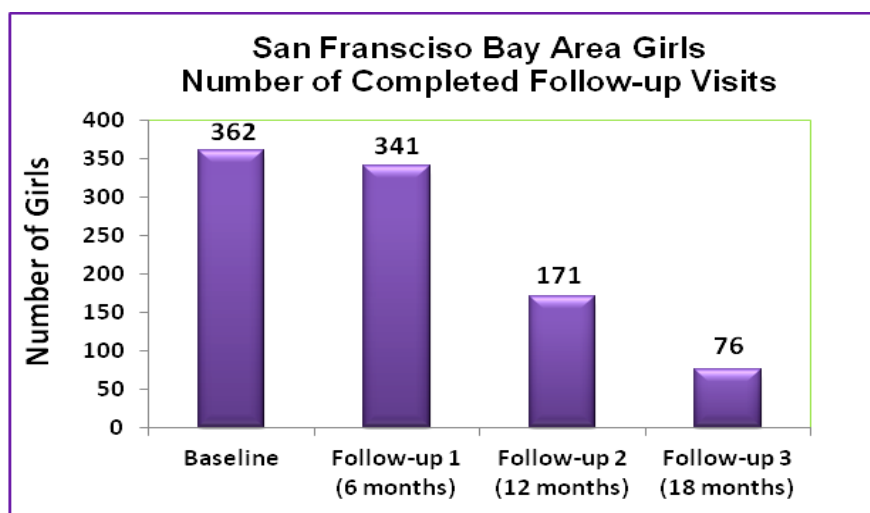

At the 18-month follow-up visit, we are requesting parental/guardian permission to collect pediatric growth charts. The charts will provide us with height and weight from birth to your

THANK YOU for your continued participation! We could not do this without you.

Legacy Fun Fact:

What is the most common name of San Francisco Bay Area LEGACY girls?

★ LEGACY PETS ★

Meet Bella and her goat, Maisie!

Bella decided to participate in the LEGACY Girls Study because she believes it's important to find a cure for cancer. Her overall experience in the LEGACY Girls Study has been really fun and she's glad she can help.

Bella likes to sing, dance, and act. She's part of a competitive dance team and a choir, and is currently in two plays. She speaks Mandarin too! Her favorite color is teal because it reminds her of the sea. In addition to Maisie, Bella has a labradoodle, 2 Siamese cats, a turtle, and 13 chickens! The LEGACY team is very happy to have Bella and her Mom Lisa in the study!
